FOREWORD

Dear colleagues,

We are glad to meet you at the 25th National Symposium of Psychoneuroendocrinology.

We want to use these 3 days to exchange ideas, opinions and share experiences from our daily practice. This year's edition brings together national and international professionals, as well as representatives of the medical companies, with the desire to facilitate communication between specialists and industry.

The event is accredited by the Romanian College of Physicians with 12 EMC credits.

Thank you all for your participation and support over the past years! Above all, we count on you to continue to support and improve the professional training in the field of psychoneuroendocrinology of young specialists, to support and boost the scientific research carried out by them, to improve the activity carried out in this field.

Kind regards,

Prof. Dr. Corin Badiu
